**PRESS RELEASE**

Appointment of Brandon Conlin as  
“Corporate Manufacturing Manager”

April, 2010

[www.thermo-electric-direct.com](http://www.thermo-electric-direct.com)

Thermo Electric is pleased to announce the appointment of Mr. Brandon Conlin as the Company “Corporate Manufacturing Manager”, responsible for the global management and oversight of the Company’s manufacturing activities at all Thermo Electric locations.

Mr. Conlin came to Thermo Electric in 2004 after completing his Bachelor’s degree in Industrial Engineering at Millersville University and his Nanotechnology Certification at Penn State University. Appointed the Manufacturing Manager of our Pennsylvania facility he has brought numerous enhancements in both process management and machine tooling to our manufacturing operations while demonstrating leadership in development and training among the manufacturing staff. Over the course of the past five years he has been the training officer for our manufacturing managers at our Canadian, Cleveland, and Indian locations. He brings to the Company a superior technical knowledge in machining and production and an expertise in industrial procurement and machine design as it relates to the temperature sensor product. Mr. Conlin is now charged with rationalizing and upgrading Thermo Electric’s global manufacturing capabilities.

In addition, in his new capacity as “Corporate Manufacturing Manager” Mr. Conlin joins the Company’s Corporate Management Committee, responsible for the day to day operations of the Company worldwide.

Reporting to Mr. Conlin will be the Company’s local Manufacturing Managers at all Thermo Electric locations.

Mr. Conlin will report directly to the President of the Company.
