A Division of ProQuip, Inc. Rardon Services specialize in repair, calibration and certification services for a broad range of instruments including pressure and temperature, transmitters, pressure gauges and switches, Thermometers, RTDs, Thermocouples, valves, and pneumatic controllers. In addition to repair services, regularly scheduling equipment inspection and calibration helps maintain accurate process control and can detect potential problems before an instrument becomes disabled while in service. [Instrument Repair & Remanufacturing](#); [N.I.S.T. Traceable Precision Calibration](#), [Pressure Switch Adjustment, Repair & Service](#); [Burst Pressure Testing](#); [Custom Liquid Level Gauge Glass & Guard Rod Manufacturing](#)

Thermo Electric looks forward to supporting ProQuip Inc. and its customer base with its full line of Products and Engineering Services.
