

# THERMO ELECTRIC

PRESS RELEASE: RELOCATION of  
Thermo Electric(Canada) Ltd.  
February , 2011  
[www.thermo-electric-direct.com](http://www.thermo-electric-direct.com)

Thermo Electric is pleased to announce that having resided for over 50 years at its Brampton, Ontario facility the company has moved its Canadian operations to a new facility in Mississauga, Ontario. The relocation to Mississauga represents a further implementation of Thermo Electric's Corporate Strategic Plan to update and modernize its manufacturing plants throughout the TE global Network. The new facility is a modern physical plant located in the heart of one of the largest industrial regions in North America. Closer yet to Pearson International Airport the new facility is ideally suited to service the growing number of customers in Canada as well as those customers it presently services in concert with the other TE facilities located throughout the United States and the world. Our new address;
